

**Amendments to the Claims:**

This listing of claims will replace all prior versions and listings of claims in the application.

**Listing of Claims:**

1-42. (Cancelled)

43. (Previously Presented) A warewashing detergent composition comprising:

- (a) a cleaning agent comprising about 0.5 wt.% to about 20 wt.% surfactant based on the weight of the detergent composition;
- (b) an alkaline source in an amount effective to provide a use solution having a pH of at least about 8 and obtained by diluting the warewashing detergent composition with water;
- (c) a corrosion inhibitor in an amount sufficient for reducing corrosion and/or etching of glass, the corrosion inhibitor comprising:
  - (i) a source of aluminum ion;
  - (ii) a source of zinc ion,

wherein the amount of the source of aluminum ion and the source of zinc ion is sufficient to provide a weight ratio of aluminum ion to zinc ion of about 6:1 to about 1:20; and

- (d) encapsulated chlorine bleaching agent.

44. (Previously Presented) A warewashing detergent composition according to claim 43, wherein the amount of source of aluminum ion and the amount of source of zinc ion is sufficient to provide a weight ratio of aluminum ion to zinc ion is about 2:1 to about 1:15.

45. (Previously Presented) A warewashing detergent composition according to claim 43, wherein the warewashing detergent composition comprises about 0.1 wt.% to about 70 wt.% chelating/sequestering agent.

46. (Previously Presented) A warewashing detergent composition according to claim 43, wherein the warewashing detergent composition comprises about 0.1 wt.% to about 10 wt.% of the bleaching agent.

47. (Previously Presented) A warewashing detergent composition according to claim 43, wherein the warewashing detergent composition comprises about 1 wt.% to about 20 wt.% detergent filler.
48. (Previously Presented) A warewashing detergent composition according to claim 43, wherein the warewashing detergent composition comprises about 0.5 wt.% to about 10 wt.% anti-redeposition agent.
49. (Previously Presented) A warewashing detergent composition according to claim 43, wherein the warewashing detergent composition comprises about 2 wt.% to about 10 wt.% water.
50. (Previously Presented) A warewashing detergent composition according to claim 43, wherein the warewashing detergent composition comprises about 20 wt.% to about 40 wt.% water.
51. (Previously Presented) A warewashing detergent composition according to claim 43, wherein the warewashing detergent composition comprises a block having a size of at least about 5 grams.
52. (Previously Presented) A warewashing detergent composition according to claim 43, wherein the warewashing detergent composition comprises a block having a size of at least about 50 grams.
53. (Previously Presented) A warewashing detergent composition according to claim 43, wherein the composition is provided in the form of a pellet.

**Support for Amendment**

The amendment only cancels claims. Because the amendment only cancels claims, no new matter or new issues are raised by this amendment, and entry thereof is requested. Upon entry claims 43-53 are active in this application.

It is understood from the outstanding Office Action that the supplemental amendment filed on August 8, 2005 and the subsequent authorization to cancel claims 43-53 in order to place this application in condition for allowance have not been entered. That is, the supplemental amendment filed on August 8, 2005 and the authorization to cancel claims 43-53 were based upon the agreement with Examiner Boyer that the remaining claims would be allowed. Because the claims have not been allowed, as agreed, the amendment filed on August 8, 2005 and the subsequent authorization to cancel claims 43-53 are hereby rescinded. Furthermore, the Applicants reserve the right to pursue the claims as amended according to the amendment filed on August 8, 2005 in a continuing patent application.
